FOR IMMEDIATE RELEASE

AWC SECURES RM42.4 MILLION FACILITIES MANAGEMENT SUBCONTRACT FROM JKR

SUBANG JAYA, 31 July 2017 - AWC BERHAD's ("AWC" or "the Group") wholly-owned Facilities Division subsidiary, Ambang Wira Sdn Bhd ("AWSB") was awarded a Subcontract worth approximately RM42.4 million (including Goods and Services Tax) from Jabatan Kerja Raya ("JKR"), for the maintenance of Blocks WP1 & WP2 of the Kementerian Luar Negeri ("KLN") or the Ministry of Foreign Affairs in Putrajaya.

The tenure of the Subcontract is for five years from 1 August 2017 until 31 July 2022 and covers all the blocks utilized and occupied by KLN in Putrajaya. This award further enhances the Facilities Division and the Group's overall existing order book and is expected to contribute positively to the Group's earnings.

The Group's Facilities Division has a Concession from the Federal Government of Malaysia for the maintenance of Federal Government buildings and facilities located in the southern states of Peninsular Malaysia (Negeri Sembilan, Malacca and Johor) and the state of Sarawak. In addition, this Division also provides building facilities maintenance works for the commercial and healthcare segments.

"We are proud to be awarded with yet another sizable facilities management Subcontract by JKR. We have been striving relentlessly for our Clients, and I believe that securing this contract demonstrates our ability to deliver exceptional services." said AWC's Managing Director & Group CEO, Dato' Ahmad Kabeer Nagoor.

About AWC Berhad

AWC Berhad is a well-established engineering services provider specialising in integrated facilities management, plumbing & rainwater harvesting, mechanical & electrical services and automated pneumatic waste collection systems.

AWC provides total asset management services and is the concessionaire for integrated facilities management for the Southern Zone and Sarawak. They are also an international leader in the design and supply of automated pneumatic waste collection system (AWCS) with a proven track record in Malaysia, Singapore, Hong Kong and the Middle East. Their plumbing division has established a foothold in the plumbing sector as evidenced by the many premium high end project awards. Known for harnessing new technology, AWC is at the forefront of green building services offering energy/resource management solutions via their M&E and rainwater harvesting divisions.
