# PRESS RELEASE FOR IMMEDIATE RELEASE

## **SUPERMAX DONATES 1 MILLION MEDICAL GLOVES**

*To help Malaysia's healthcare industry*

**KUALA LUMPUR, MALAYSIA – 23 MARCH 2020.** Supermax Corporation Berhad (“Supermax”) has committed to donate 1 million pieces of nitrile powder-free medical gloves to be distributed to the Malaysian government hospitals, police stations and the healthcare industry’s first responders to combat the Covid-19 outbreak in Malaysia.

Supermax is coordinating the logistics and distribution with the National Disaster Management Agency of Malaysia (“NADMA”) to ensure that these gloves reach the first responders in the quickest possible time.

Supermax’s founder Dato Seri Stanley Thai commented, “Supermax would like to express our appreciation to all the front liners, particularly the healthcare and the police for their relentless efforts and diligence in containing this Covid-19 outbreak. We want to ensure each and every front liner is protected and effectively reducing the risk of being infected themselves and their family by the deadly virus. Medical gloves should be for single use only and not to be sanitized nor reused to prevent risk of infection.

Malaysia must not bow down to this unfortunate calamity. Supermax encourages others to donate and let us stand united to give full support to our government's effort in combating this global pandemic.”

For those who would like to participate in this sponsorship, they can make a minimum contribution of RM150 for a carton of medical gloves. You can save lives by contributing RM0.15 for each glove to be used by the front liners. Any queries regarding this “MalaysiaBebasCovid19” campaign should be directed to [info@supermax.com.my](mailto:info@supermax.com.my) or simply deposit your sponsorship amount to:

Supermax Foundation,  
Bank: OCBC Bank (M) Bhd,  
A/C no: 701 146 4493  
Swift-code: OCBCMYKL

All collections received will be used to supply more medical gloves to the front liners. This is in addition to the 1 million gloves Supermax has donated and to be distributed to the front liners through NADMA.

Prior to this, Supermax has donated 3 million gloves to Wuhan and has helped other sponsors to deliver 8.9 million gloves to China during the height of the outbreak in China.
